## What is Plant?

Plant is typically a site of Machinery and equipment operated for Industrial and Manufacturing processes.

Examples of plant are : Chemical Plants, Cement Plants, Mills, Power Plants, Heating and Ventilation plants, Railways, Water treatment Plants, Process plants of different products, Building facilities etc.

## Plant Engineers :

Plant Engineering Professionals use their skills to ensure Machinery and equipment can operate safely, efficiently and in an environmentally sustainable way.

Plant Engineering skills include specifying, Designing, Evaluating, Acquisition, Commissioning, Operation, Management, Inspection, Testing, Maintenance, Repair, Refurbishment, Development and disposal of machinery that is typically used in Industrial, Manufacturing, Military and utility processes.

IIPE believes in dissemination of Knowledge, Promoting and encouraging Plant Engineering for every ones benefit

## Membership

### Life Fellow

He / She shall be a person who (i) is not less than 40 years of age and (ii) has held a position of responsibility for a minimum period of 15 years and possesses a high academic qualification and has achieved distinction in and has rendered outstanding service to the profession of Plant Engineering.

### Member

He / She shall be a person who (i) is not less than 30 years of age and (ii) possesses Degree or equivalent qualification in Engineering from a recognized Institution with 6 years experience OR possesses a Diploma or equivalent qualification in Engineering with 8 years experience OR possesses a Degree in Science or equivalent with 9 years experience.

### Associate Member

He / She shall be a person who (i) is not less than 25 years of age and (ii) possesses a Degree or equivalent qualification in Engineering from a recognized Institution with 2 years experience OR possesses a Diploma or equivalent qualification in Engineering with 4 years experience OR possesses a Degree in Science or equivalent with 5 years experience.

## About IIPE

The Indian Institution of Plant Engineers (IIPE), a Premier Professional body with its Head Quarters at Chennai was formed in the year 1971, out of long felt need by practicing Plant Engineers and Managers.

Main objective of this Institution is to prepare the Plant Engineers to meet the challenges of Plant and Machinery problems in the industry & to improve their knowledge & Skill sets by promoting, Inculcating, Propagating and establishing the latest state of art in the Plant Engineering field.

IIPE is a Non - Profit Organization

IIPE has many Chapters all over India. Through its wide network of Chapters and Divisions it has been conducting regular programmes like seminars, workshops, monthly technical lecture programs and meet - the - manufacture programs. These programs are conducted for the benefit of the Engineering Society addressing their requirements as well as programs to hone their existing skills to match the industrial demands and requirements.

IIPE is also a Member Association of Engineering Council of India (ECI) and represented in the Board of Governors. ECI is an apex body of engineering profession in India with 40 members including 8 government departments (like NITI AYOG, NBA, CSIR, AICTE etc) and 32 Indian engineering professional institutions / associations representing practically all streams of Engineering.

## Chapters of IIPE :

- ❖ Andhra Pradesh & Telangana
- ❖ Chhattisgarh
- ❖ Delhi & Haryana
- ❖ Karnataka
- ❖ Kerala
- ❖ Maharashtra
- ❖ Tamil Nadu
- ❖ Trichy
- ❖ West Bengal
